

Automate Your Life with HSPRO Software

HomeSeer HSPRO is an advanced home automation software program that's designed to simplify your life by integrating and automating the major systems of your home! Use it to monitor and control lighting, appliances, climate, security, telephones, irrigation, window shades and home entertainment equipment.

- **Keep tabs on your home while you're away!**
- **Ensure your family is safe!**
- **Receive announcements, alerts and reminders!**
- **Conserve energy and lower utility bills!**
- **Retrieve phone messages by web or phone!**

HSPRO supports the widest variety of user interfaces available. Choose from in-wall push-button controllers, touchscreens, wireless remotes, room microphones, PDAs, PocketPCs, telephones (voice and DTMF) and personal computers. Mix and match any combination of interfaces you like to suit the needs of your family.

The built-in web server allows you to access your home while you're away at work or on vacation. Easily keep tabs on your home and family with any web browser. Receive emails or calls when things happen at home or people come and go.

Key Features

- Built-in web server for remote access anywhere.
- Easy-to-use HTML interface allows easy access and control with any web browser.
- Supports the widest variety of user interfaces, including in-wall scene controllers, touchscreens, wireless remotes, PDAs, PocketPCs, cellphones and voice (microphones).
- Compatible with a wide variety of technologies including Lutron®, Leviton®, Z-Wave®, UPB®, Insteon® and many others.
- Designed for voice control by microphone and telephone.
- Creates alerts, announcements and reminders by email, telephone and text message.
- Supports complete telephone messaging with caller ID announcements (with optional hardware).
- Includes calendar-based functions for easy scheduling.
- Automation events may be created 'on-the-fly' with voice commands.
- Built-in HSSentry™ continuously monitors unit to ensure ultra-reliable operation.
- Includes true 'trigger-based' automation with advanced conditional options.
- Built-in power failure recovery feature runs events missed during outages when power is restored.

Technical Specifications

HSPRO System Requirements

Computer: Windows Compatible PC

Processor: 800 MHz or higher

Operating System: Windows 2000, XP, Vista

DDR Memory: 512 Mb or more

Hard Disk Space: 150 Mb or more

Recommended: **Serial Port** - (1 or more) for connection to HVAC, security or IR systems.
USB Port - (1 or more) for connection to technology interfaces.

Ethernet Port - for connection to home network / internet.

Internet: DSL / Cable connection for remote access.

Technologies Supported

LIGHTING

Hard-wired: Lutron® HomeWorks™, Centralite® LiteJet™

Wireless: Z-Wave®, Lutron RadioRA®

Powerline: Insteon®, UPB™, Lightolier®, X10

SECURITY

Serial: DSC®, Napco®, HAI®, OnQ®

HVAC

Z-Wave: RCS®, CamStat™, HomePro™

Serial: Aprilaire®, Enerzone®, RCS, HAI, Proliphix®

MEDIA

Interface: Microsoft Windows® Media Center

Media Players: Apple iTunes®, MS Windows® Media Player

Distr Audio: Russound RNET Systems (CAV / CAM)

INFRARED

Serial: ADI Ocelot™ / SECU-16IR

Ethernet: Global Cache GC100™

DIGITAL I/O - CONTACT CLOSURE

Serial: ADI Ocelot / SECU-16

WGL Relay8

IRRIGATION

Serial: WGL Rain8

RFID

Serial: iAutomate

Windows® Media Center Interface

HTML Web Interface

Optional Way2Call Telephone Interface
