Description

Thank for your purchase of HomeSeer Phone! HomeSeer Phone is an add-on application for HomeSeer that allows control of the HomeSeer application using your telephone. The software requires special hardware, sold through HomeSeer Technologies. The only hardware that HomeSeer Phone supports is:

HomeSeer PCI Voice Modem
Way2Call Hi-Phone USB

Installation

The HomeSeer installer includes the HomeSeer Phone software, so you should already have the application. Follow the instructions below depending on the state of your current installation.

If you have already installed HomeSeer and HomeSeer Phone, you can simply input your license code when HomeSeer Phone starts. To get the very latest HomeSeer Phone software, select **Updates** from the HomeSeer **Help** menu.

Enable HomeSeer Phone from the General tab in Setup. Set "Launch HomeSeer Phone at Startup" to YES. Enable your hardware from the Phone tab in setup.

Getting Help

Select "Contents" from the Help menu, or click on the Help button in the Web interface.
